

Solutionz Inc. Jumps Three Spots to Number Four on SCN's List of Top 50 System Integrators

FOR IMMEDIATE RELEASE

DECEMBER 1, 2022 - PACIFIC PALISADES, CA – Solutionz, Inc. is proud to announce they have been ranked number four on Systems Contractor News list of [Top 50 Systems Integrators](#).

Founded in 2002 and headquartered in Pacific Palisades, California, Solutionz is the largest individually owned and operated audiovisual integration company in the US. Up three spots from number seven in 2021, Solutionz attributes its jump to number four to organic growth and expansion with the recent acquisitions of VSGi in June 2022 and Spinitar in November 2022.

Serving as a premier provider of end-to-end AV solutions and services, Solutionz specializes in custom AV system design and integration, with a full line of professional services tailored to fit the needs of the customer. Professional services at Solutionz include an on-demand helpdesk, remote monitoring and management, cybersecurity protections for AV networks and devices, grant assistance programs, adoption, and digital training, and more.

Solutionz is backed by decades of experience serving several vertical markets, including corporate, healthcare, K-12, higher education, hospitality, entertainment, and federal, state, and local government entities.

"Our focus has always been partnering with our clients to strengthen their business, serving as a single source for all audiovisual and unified communication needs." Said Bill Warnick, Chief Executive Officer at Solutionz. "We are genuinely proud of the entire Solutionz team. It takes the efforts of every member to provide our customers with best-in-class experiences."

Building on our commitment to customer success and lasting partnerships, Solutionz looks forward to continued growth for many years to come.
